DIARY NOTES

25X1A

DD/S [REDACTED]

10 July 1962

25X1A9a

1. [REDACTED] telephoned to express his interest in obtaining a senior, grade GS-15, DD/S person for assignment to the Budget Division. He was interested in someone who is not a technician but who can examine the over-all DD/S programs from a budgetary point of view. I told him that I had no immediate ideas but would give this some further thought and try to make a recommendation before too long.

2. Emmett Echols queried me as to my attitude toward a further extension of duty for [REDACTED] and as to whether General Carter might have someone in mind to replace [REDACTED]. I checked this with General Carter and advised Emmett that we should have requested a further extension for [REDACTED] and that General Carter did not have in mind anyone whom he would like to request as a replacement.

3. I have asked [REDACTED] to represent the Agency at a meeting on Emergency Communications at the White House on 13 July at 10:00 a.m.

4. I talked to General Carter about our response to the Defense Intelligence Agency regarding identification of positions in CIA which should be filled on a regular basis by DIA careerists. He would like to talk to Mr. McCone about this general problem and retain my papers for this purpose.

5. I talked to General Carter and Emmett Echols about participation in the President's Summer Employee Program. General Carter agreed that the Agency (Mr. Kirkpatrick) should make a presentation if the opportunity affords itself and also that we should have our summer employees attend the seminars which are being conducted about once a week. (Emmett Echols has action responsibility.)
